Between the Lines
The 2008 USF Faculty Exhibition

January 22 – February 24, 2008
Opening Reception
Friday, January 25, 3-5 p.m.

Featuring faculty from the University of San Francisco’s Visual Arts department, "Between the Lines" includes paintings, prints, photography, sculpture, installation works, and architectural and graphic design. At one end of the spectrum, the artworks in "Between the Lines" include personal and political explorations of social constructs such as family and history; and at the other end of the spectrum, the exhibition presents formal explorations of space, color, and line. The Visual Arts Department at the University of San Francisco offers programs in Fine Arts, Graphic Design, and Architecture and Community Design.
